Sign Development

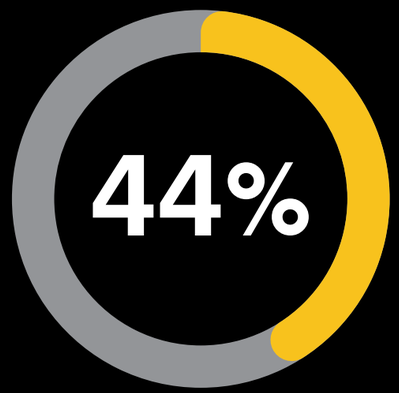

About Us

70,000+ square foot fabrication facility filled with **state-of-the-art equipment**.

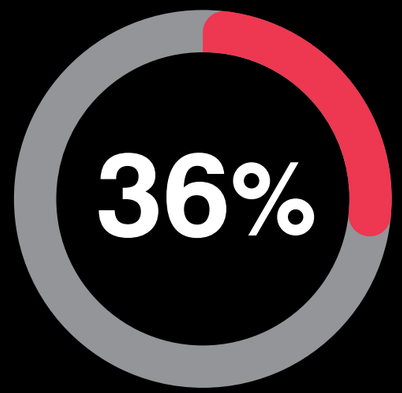

L&H Companies has been a leading provider of sign development for over 29 years. With a range of manufacturing space, state-of-the-art equipment, and innovative technologies we ensure every project stands apart from the rest without compromising on design intent. Every project is engineered, project-managed, fabricated, and installed by highly skilled employees who are committed to staying on schedule and completing your project with quality, precision, and unmatched customer satisfaction.

Why Design Build?

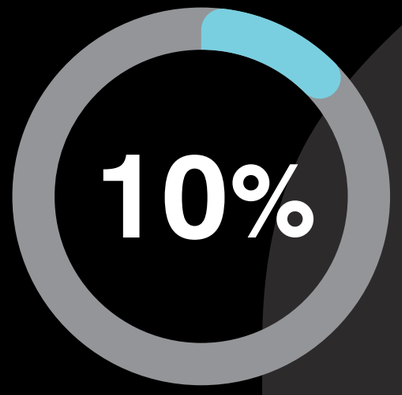

Over the period **2018 to 2021**, owners will have **spent $1.2 Trillion on Design Build Construction Projects**.

By 2021, Design-Build will represent 44% of all construction projects in the U.S.

Design-Build projects are 36% faster and more efficient in delivery.

The typical Design-Build method is estimated to bring 10% cost savings to a project.

HIGHEST-RATED DELIVERY METHOD

The Design-Build delivery method is the most highly rated across key planning and construction categories, according to surveyed owners.

7 Phases of DesignBuild

1

PHASE ONE

Rough Order of Magnitude

2

PHASE TWO

Research

3

PHASE THREE

Wayfinding, Planning and Programming

4

PHASE FOUR

Preliminary Design Development

5

PHASE FIVE

Final Design Development and Pricing Validation

6

PHASE SIX

Engineering

7

PHASE SEVEN

Fabrication and Installation

Research Planning & Programming

We utilize **SignAgent;** the **all-in-one wayfinding** and signage **project management** platform.

Our wayfinding team uses the SignAgent software to streamline the wayfinding and programming process allowing our clients to have control of their project from start to finish. We have succesfully used this software to plan and manage signage for complex facilities eliminating redundancies in planning while streamlining the process of revisions, reporting and deliverables .

Let us design it.

Over **30+** National **Design & Signage Awards**.

In a world full of bad design choices, we keep your brand from going over the edge. If your looking to maintain a strong brand presence or if your image needs a rescue, we're the team for you!

Let us design it.

Concepts coming to **life.**

Hard Rock Hotel & Casino

Let us design it.

Concepts coming to **life.**

Orlando Health Care

Hershey's Chocolate World

Let us build it.

70,000 Square Foot Fabrication Facility with **State-of-the-Art Equipment.**

Our fabricators are all highly skilled, with over 100+ combined years of training and experience. We pride ourselves in supplying and educating them on the latest equipment to ensure a quality product.

Let us build it.

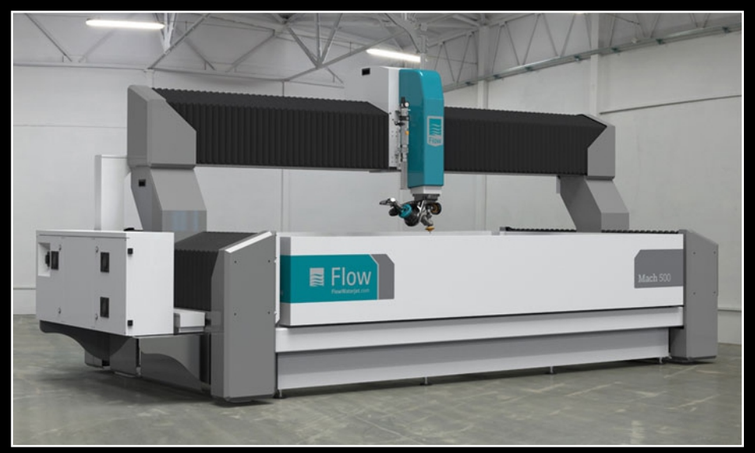

Making your ideas a **reality.**

Cutting-Edge Facility & Custom Fabrication

Featured projects.

Projects that **make you take notice.**
