The Patient Care Sign

Improving the effectiveness of communication among caregivers.

The Patient Care Sign (PCS) is the most organized, efficient & aesthetically pleasing way to communicate critical information at the patient room door with doctors & nursing staff. L&H Companies created the Patient Care Sign (PCS) as a revolutionary product that combines room identification, critical information, tamper proof locking tabs, and custom infectious disease inserts in a visually appealing single system.

Our patented Patient Care Sign is both ADA (Americans with Disabilities Act) and HIPAA (Health Insurance Portability and Accountability Act) compliant, as well as, fully customizable to your design intent to meet the requirements of various facilities, departments, or units.

Medical Errors
are the
3rd
Leading Cause
of Death in the
United States.

Various Options. One Innovative Product.

Your healthcare facility isn't one-size-fits-all, so why should your signage be? L&H Companies has developed four products that can help address your facility's needs in any setting.
